Realizing.....

As a person grows in confidence through encouragement, he grows in trust. As he begins to trust, he allows people to help him help himself, and succeed in life. FYI believes that everyone can succeed, but they have to believe in themselves. FYI is excited that we will be able to help our communities and those who need love and encouragement to succeed.

Fatherhood Program

We educate men on the importance of being a daddy by using nationally accredited curricula including 24/7 Dad, Doctor Dad, and Earn While You Learn.

We also provide a one-on-one mentor to support each man through his journey to becoming the best daddy he can be. Just like our mothers, these fathers are able to earn points to spend on items they need for their children. Through this program, we are **equipping men, actively engaging fathers, and strengthening families**
